B. Lifetime Competitor Membership:

1. \$520 for Individual Lifetime

2. \$780 for Family Lifetime (includes husband, wife, and children through the end of the membership year of their 18th birthday which is defined as 18 years and under as of the first Monday after the USTPA World Championship show, or USYTPA World Championship Show if it is separate from the USTPA World Championship Show). Once the child or children are no longer considered youth as defined above, they are no longer covered as Competitor Members under the Lifetime Family membership.

2. Competitor Member Eligibility and Benefits

All contestants in a USTPA-Sanctioned Show must be a current Competitor Member in good standing to compete in a Sanctioned Show, have points tracked for the show, and be eligible for any year-end awards. A Day Permit is available for those riders who do not want to join the USTPA, in order to participate in up to a single show each competition year. (See "Day Permits" for explanation).

USTPA Competitor Members may compete in any USTPA Sanctioned Show, are eligible to compete in any of the USTPA Regional Finals or the World Championship Series Finals upon qualifying or meeting participation requirements, are allowed to vote in general elections and to hold office. Any USTPA member in good standing, regardless of type of membership, shall also be eligible for certain additional membership benefits which may be offered and modified from time to time. All members, no

matter their age, are subject to USTPA rules and bylaws and will be treated equally.

Any rider who joins the USTPA as a Competitor Member at a show, must retain a receipt of their paid membership from the Show Secretary where the membership was acquired, until such time as the new member receives his/her membership card and/or the membership rosters received by event producers from the Administrative Office have been updated with current Competitor Members. The burden of proof shall rest on the new Competitor Member in those situations.

3. Day Permits

Day Permits are not offered at USTPA World Championship Series shows (aka National Production shows). A free Day Permit is available for those riders who do not want to join the USTPA, in order to participate in up to a single non-National Production show each competition year. Day Permit riders shall fill out a membership application and shall be rated by the Director in Charge at that show and may be eligible to ride in any class that his/her rating allows. Should a Day Permit holder later choose to compete in an additional Sanctioned Show, he or she shall be required to purchase a full Competitor Membership in order to compete at that time.

If the rider subsequently joins USTPA, any points earned while riding on a Day Permit will not be included in the rider's annual points earnings total, although any USTPA Competitor Members riding as teammates with the Day Permit holder will be eligible for tracking of their USTPA earnings on the same team.

4. Rider Rating Classifications

Accurate ratings for each member are extremely important to provide a level and fair playing field. It is each new or renewing member's responsibility to accurately and completely answer the application form. A competitor member shall be issued a membership card or other notice of membership when annual dues have been paid, ratings completed and approval by the Regional and/or National Rating Committee.

The USTPA has 8 Rating Classifications. Riders have separate ratings for Penning and Sorting and those ratings could be different. Of the 8 ratings, "N" is a rating reserved for truly beginner riders with rider ratings increasing through a rating of "7" for the best riders.

Four criteria will be used by Regional and National Rating Committees to determine a riders' ratings in this 8 rating scale in Penning and Sorting including:

1. Win/Loss ratio based on previous two years of competition, or in the case of a rider that has been

consistently moved up in the rating system, the review period will be one year.

2. Horsemanship skills as well as the rider's overall ability to ride.
3. The quality of steed to be used.
4. Arena awareness and cattle reading skills.

The Regional Rating Committee (RRC) is comprised of the two Directors in each region, and two other members selected by the Directors (or one Director and three members if the region only has only one Director at the time). The role of the RRC is to review every rider's rating in their region and make recommendations to the National Rating Committee.

The National Rating Committee (NRC) is a Standing Committee of the USTPA and is headed by the Vice President and Chairman of the NRC. The NRC is comprised of not less than three Directors and two other members, and that committee works closely with the RRC to review and assign ratings nationally.

The RRC reviews and makes recommendations to the NRC; the NRC discusses the recommendations with the RRC, and the NRC then assigns the rating and notifies the USTPA office which then notifies the rider.

The NRC has the final word on rating all members after reviewing the RRC recommendations and evaluating any disputed ratings based on the criteria stated above. If a member of the NRC does not have personal knowledge of a rider's ability they should abstain from voting on that riders rating.

If as a new member, you misrepresent your riding ability or experience, your rating may be changed by a Director at any time during a show without immediate review of the National Rating Committee.

Rating Definitions

- N** Must be true beginner rider. When calculating cumulative ratings on a team, the "N" rider is calculated as a "0".
- #1** A rider who rarely places in regional or national shows.
- #2** A rider who has started to improve, has limited horsemanship and/or knowledge of cattle and occasionally places among 1 and 2 rated riders in regional or national shows.
- #3** A rider who has reasonable horsemanship and cattle skills.
- #4** A rider who has average horsemanship and cattle skills.

Rating Definitions

- #5 An experienced rider, who has above average horsemanship skills and cattle skills.
- #6 An experienced rider with professional ability.
- #7 An exceptional rider with exceptional cattle skills. Pen/Sorts professionally, or has the ability to do so.

5. Rider Ratings Procedure

Each new member of the USTPA must be given a rating in Team Penning and a rating in Ranch Sorting to participate in USTPA Sanctioned events. It is the member's responsibility to accurately and completely answer all questions on the membership application and/or from any USTPA Regional Director, and/or the Director-In-Charge on the day of a show.

When a rider joins the USTPA at a Sanctioned event, the Director-In-Charge will be responsible for giving a rating evaluation and classifying the rider that day. Every effort should be made by the Director-In-Charge to collect as much information about the rider's ability when assessing the rating including but not limited to, contacting the Directors from the new member's region. When a new member joins the USTPA by mail, e-mail or on-line through USTPA.com, the member will be given a rating classification by the Regional Rating Committee in the Region where the new member resides.

The Regional Rating Committee will review the ratings of all new members and may assign a rating classification of N - 6 in accordance with these rules. A rating classification of 7 may only be assigned by the National Rating Committee.

Any individual rejoining USTPA after a year or more absence will re-enter competition initially at the ratings they had when they last competed with the USTPA. Their rating may then be reviewed by their Regional Rating Committee and/or the National Rating Committee.

The National Rating Committee will re-evaluate and re-rate any person who for whatever reason has been mis-rated. Any member who believes he/she has been incorrectly rated may appeal their rating in writing to the USTPA Administrative Office and rating appeals will be reviewed by the NRC during scheduled reviews.

With the exception of "N" rated riders (which can have their N rating increased at any time as determined by the RRC or NRC), no rider can have their rating number increased after April 30th of the competition year unless approved by both the National Ratings Committee and the Executive Committee.

All rating appeals must be submitted in writing via mail or e-mail (receipt confirmation recommended) to the USTPA Administrative Office. The USTPA Administrative Office

will forward rating appeals to the Vice President/Chairman of the National Ratings Committee. Faxes and verbal communications will not be accepted. Members may appeal their rating one time each year.

6. Forfeiture of Money Won

Producers are not responsible for checking team ratings prior to them competing. That responsibility lies with the teams. At pay-out however, the event producer will check team members' ratings. Teams exceeding the class number or combined rider classifications or handicaps as defined under Contest Classes, will forfeit all monies won.

In the event a team forfeits, all places and monies will be distributed to each of the next place teams, in descending order, regardless if any of those teams did not ride in the short or final go. For example: if the class pays 10 places and the 3rd place team is eliminated, the 4th place team moves to 3rd place, 5th to 4th, etc. through the 11th place team which moves to 10th.

7. Member Suspension

Any Competitor Member, Sanctioned event producer, or non-member may be suspended and denied privileges and membership benefits of USTPA by the Board of Directors or any designated Committee by the Board of Directors for good cause; for failure to pay any obligations when due to USTPA; for failure to pay any obligations to an approved show; for giving a worthless credit card or

check for entry fees, stall fees, office charges, or any other fees, fines, or charges including bank charges for returned checks; or for failure to timely file with USTPA any reports required by the rules of USTPA. Each returned checks and/or declined credit card is subject to a \$50.00 fine that is due to the USTPA. After 30days, all outstanding debt will be subject to a 12% APR and a \$100.00 membership reinstatement application fee will apply for all suspended persons applying for membership reinstatement.

USTPA shall maintain and publish a Suspended Persons List on the official website of the USTPA effective the next opportunity after suspension and may be communicated to any Competitor member, all Sanctioned event producers, membership benefit providers and recognized international equine associations. Upon full payment or filing of requisite report due to USTPA, membership category privileges and membership benefits may be reinstated if approved by the USTPA Board of Directors. For this to occur, the suspended entity must request reinstatement in writing. Any expelled or suspended rider will not be allowed on the grounds or at any USTPA sanctioned event.

USTPA may accept a recognized international equine association's suspension of a member as grounds to automatically suspend such member's USTPA membership. USTPA's suspension of an individual's

USTPA membership in such cases is subject to the recognized international association (a) reporting the suspension to USTPA and (b) verifying that the recognized international association provided the accused (i) prior notice of a hearing and (ii) the opportunity to present evidence on his/her behalf and to refute evidence offered against him/her.

8. Competition Year

USTPA's competition year runs from Two (2) weeks prior to the World Championship Series Finals to the following year Two (2) weeks prior to the World Championship Series Finals. Any shows falling in the time period of Two (2) weeks prior to the World Championship Series Finals will be treated as falling into the next years' qualification period.

- 2. #9 - 1 Mandatory draw, may pick or draw up to 3 more rides.** - When the two riders' ratings are added together the total cannot exceed 9. Four ride limit unless increased by special sanctioning.
- 3. #6 - 1 Mandatory draw, may pick or draw up to 4 more rides.** - When the two riders' ratings are added together the total cannot exceed 6. Five ride limit unless increased by special sanctioning..
- 4. #3 - 1 Mandatory draw, may pick or draw up to 4 more rides.** - When the two riders' ratings are added together the total cannot exceed 3. Five ride limit unless increased by special sanctioning.
- 5. #12 3-Man, 2 Gate. 1 Mandatory draw, may pick or draw up to 4 more rides.** No rating caps. When the three riders' ratings are added together the total cannot exceed 12. Cows may be sorted through either sorting pen opening, but must go through in

order. All other sorting rules apply. Five ride limit unless increased by special sanctioning. Class number can be changed through special sanctioning when approved.

E. Contest Classes for Open Arena Sorting:

1. Open, #12, #10, #5, Youth (a Sanctioned Show can have one class, some classes or all classes offered at event producer's option.)
2. The Open Class and a Youth class are required classes at Sanctioned Sortings unless Special Sanctioning has been granted.

III. Team Penning Rules

1. The Object of Team Penning

Within a specified time limit, a team consisting of 3 riders in the arena must cut out from the herd, and pen 3 head of cattle with the assigned number. The fastest time wins.

A. Time Limit:

The event producer shall use a 60-second time limit for each class (unless otherwise extended by class description), and may use "Promoter's Option" allowance to extend the time limit to 75 seconds for any class, but must have Special Sanctioning approved and advertise the show accordingly. A warning may be given to the team

working cattle at 30 seconds of time remaining. Promoter has the option of implementing progressive time when the number of teams meets the requirements for the next go-round. A cutoff time can be used, being the highest time available to progress to the next round.

B. Spotting Cattle:

Spotting cattle in the herd for any team in the arena, by any person outside the arena, is prohibited. Any form or manner of assisting a team in the arena with finding the location of any of their assigned cattle on the herd side of the foul line, may, at the judge's discretion, subject the team in the arena to disqualification on any run. Any team disqualified by a judge for spotting will receive a no-time.

2. Starting the Run

All cattle will be bunched on the cattle side of the starting line within the designated area, before the time begins. The judge will raise the flag to signal when the arena is ready. The flag will drop when the nose of the first horse crosses the start/foul line. The contestants will be given their cattle number immediately. Any delay in crossing the foul line may result in a no-time. The next team has 30 seconds to enter the arena and cross the time line following the previous team's run. Upon the decision by the judges, the announcer will call the team a no-time unless waived for a good cause. No team member may enter the arena after the time has started.

3. Calling for Time

A. To Call for Time

One rider must stand at the opening of the gate and raise a hand for the flag. The flag will drop when the nose of the first horse enters the pen, the assigned cattle are fully in the pen, and the rider calls for time. The team will receive a no time if the cows are entering the pen but are not fully in when they call for time. Time continues until all unpenned cattle are completely on the cattle side of the start/foul line. In the event that an animal escapes from the pen after time is called but prior to the time that any unpenned cattle are on the cattle side of the line, the team will be judged a no time.

B. Escaped Animal

If an animal escapes as a team is calling for time, they will be judged a no-time. An "Escaped Animal" is one with any part of the animal coming out of the opening of the pen.

C. Calling Time for Less Than Three Head

A team may call for time with only 1 or 2 assigned cattle penned. However, teams Penning 3 head place higher than 2 or 1, regardless of the time. In a multiple go-round contest, in the event that teams pen their cattle in only one go-round, the fastest time wins, regardless of which go-round. In a multiple go-round contest, the teams that pen in each go-round will beat teams that fail to pen in a go-round, regardless of the number of cattle penned or time.

For example: Times in 3 go-rounds beat times in 2 go-rounds; times in 2 go-rounds beat times in 1 go-round; and times in 1 go-round beat a no-time.

4. Hazing

Contact with cattle by hands, ropes, bats, or any other equipment, or hazing with any equipment or apparel will result in a no-time.

5. Too Many Cattle

Any wrong number cow that crosses the foul line will result in a no-time.

In Jr. Youth Penning and Beginner Youth Penning, any 3 cows can be on the pen side at any one time but, any part of the fourth cow across the line will be judged a no time.

6. Re-Ride Situations

In the event a team is given a number that has already been used with a set of cattle, a re-ride must be given immediately upon discovery, using the correct number within the same set. Teams receiving a re-ride will be able to start their time at zero. In case of other official or mechanical error, a re-ride will be given immediately using the same numbered cattle. A team cannot better their time on these re-rides and penalty seconds may be given at the judges' discretion.

If an animal leaves the arena, the team can either be given a no-time for roughing; can be given time on their remaining cattle; or be given an immediate re-ride depending on the judge's decision. A team cannot better their time on a re-ride.

If a team observes an unfit, injured, or unidentified animal before committing to the cattle, the team must notify the judge. If, immediately prior to the exhibitor's ride, an exhibitor requests the judge to replace a cow that the exhibitor deems to be a "bad cow", and the cow is not changed by the judge, but is clearly unfit and/or unworkable on the ride, the team will receive a re-ride after the cow is changed. Except for the foregoing "bad cow" exception, once the team is committed to the cattle, no re-ride will be given. "Committed to the cattle" means that the team has crossed the start/foul line, the flag has been dropped to start the time on that run, and their cattle number has been called.

As each team begins a run, there should be 30 head in the arena (unless otherwise required by class description or special sanctioning). In the event that a team draws a number with more or less than 3 identical numbers, only the team that is in the arena at the time the problem is discovered will receive a re-ride. After the herd is corrected, that team shall receive an immediate re-ride on their same numbered cattle and their time will start at

zero. (Time for all other teams in such a mis-numbered herd will remain the same.)

In the rare instance that a team rides out-of-order, their time and number of cattle will stand. No re-ride will be given for teams riding out of order. Once the problem is identified, the going forward teams will be correctly aligned, and in the case of Sorting, placed in the proper arena and follow the order as posted. All rounds must be posted before the round starts, unless the USTPA video system is in use, in which case the round may begin prior to posting a printed run order in the arena.

7. Cattle Rotation

A. Order of Herd Rotation:

An event producer will number each herd available for the Penning. The cattle will be rotated at the end of every set of 10 teams and at the end of the first go and before the finals. In a Penning with a 50% second go, the herds will be used in the same order for every class. An event producer has the option to run less than 10 teams per set of cattle in order to equally divide teams among sets. All options shall be decided and announced before first round of each class.

B. Non-Rerun Cattle in 1st Go of Open Penning:

Non rerun cattle will be provided for all teams in the first round of the Open Penning Class at all World Championship Series (National) shows. Team counts may be capped to accommodate this rule.

C. Go-Rounds & Percent Returning

All USTPA Sanctioned Events will have 3 go-rounds. Go rounds run in reverse order. If 50 or less teams: 100% to first go, 50% to second go, top 10 to finals. If 51-100 teams: 100% to first go, 40% to second go, top 10 to finals. If over 100 teams: 100% to first go, 30% to second go, top 10 to finals. In the event of classes with fewer than 20 teams Promoters may opt to have up to 100% of all entries back to the second go (and then a top 10), or may opt to run only the first go, and then proceed directly to a top 10. This "Promoter Option" must be advertised in advance. All go rounds will be run in reverse order until top 10 finals. All finals at any USTPA Sanctioned Event will have their running order determined by either 1) draw, either by mechanical draw or by manual draw, or 2) selection (the "Draft"), where each team qualified for the final round will select their run position in the final round as follows: The team in 1st place coming into the final round will select their run position first (they select from 1-10 in the running order); the team in 2nd place coming into the final round will select next, and so on until all teams have selected their running position in the top 10 (the 10th place team coming into the final round will have their run

position determined by whatever position remains after the 9th place team selects their run position). The #10HC Elite Team Penning class will follow the Go-Round and Percent Returning rules set forth in this section, except that at the World Championship Series Finals, the #10HC Elite Penning class will follow the Go-Round and Percent Returning rules below:

- 1) First Round: All Qualified and Properly Entered Teams
- 2) Second Round: 40% of 1st Round Advances to the 2nd Round
- 3) Third Round: 40% of 2nd Round Advances to the 3rd Round
- 4) Final Round: Top 20. Ride Position in the Final Round (Top 20) determined by team selection ("Draft) as noted above, except that this class will have a top 20 in the final round at the World Championship Series Finals.

8. Roughing

Roughing includes, but is not limited to, running over cattle with horses, stepping on cattle while in pursuit, running through the herd in such a manner that the cattle are knocked down, horses consistently biting the cattle, and entering the pen with such force on the cattle causing them to collide with the back pen panels (see also the section of this Handbook regarding inhumane treatment). A Judge's call for "roughing" will result in the team receiving a no-time. Roughing calls are made in the

Judge's sole discretion, and Roughing may be called by the Judge whether or not the Judge believed the action that resulted in the Roughing call was deliberate.

9. Arena Layout

Ideal arena size for Team Penning is 90' x 180', although there shall be no mandatory arena size, recognizing that arena size may vary with each facility.

A. Foul Line: The foul line shall be between 30% and 40% of the arena length from the cattle end of the arena, and the foul line shall be determined and advertised as such by the event producer. The foul line may be extended by 5% for each 10' beyond 110' in width, to accommodate bigger, wider arenas.

B. Pen Opening: The entry gate to the pen shall be situated 25% of the distance from the arena back wall, but shall not be less than 55 feet from the arena back wall. *See Diagram at End of Handbook

10. Working Cattle On-Foot

Attempts to work cattle on-foot will be judged a no-time.

11. Display Clock

All USTPA shows must have a readable display clock and this will be the official time clock; electric eye will not be used to start time. In the event of extreme malfunction, Director-In-Charge may determine how and whether to proceed with the contest.

12. Settling Each Herd

Cattle must be settled in each corner of arena and taken through the pen before final settling behind the foul line.

13. Arena Arrangement for Team Penning

See diagram at back of book.

IV. Ranch Sorting Rules

- 1. The Object of Ranch Sorting:** The basic concept of Ranch Sorting is that there are ten numbered cattle, 0-9, and two unnumbered cattle (for a total of 12 head) at the beginning of a run behind a foul line in an arena with 2 riders mounted on the opposite side.
- 2. Ranch Sorting Guidelines:** Sanctioned Sorting includes 2-Man Ranch Sorting and Open Arena Sorting. Event producers must use USTPA Certified officials and announcers for any Ranch Sorting shows or classes. Sanctioned Ranch Sorting classes and shows will be required to use an electronic display clock or a split timer.

Current USTPA rider ratings will be used for Ranch Sorting.

- 3. Sorting Pens:** Ranch Sorting will take place between 2 pens of approximately equal size with the event producer's option of working cattle back and forth or only one way. Two Ranch Sorting arenas may be placed side by side with teams alternating odd and even numbers. (See Diagram at End of Book)
- 4. Settling Each Herd:** If cattle are to be worked back and forth then they need to be moved to the opposite pen and back before each new herd entering the arena is worked.
- 5. Readable Numbers:** All cattle must have USTPA approved back numbers; neck numbers are not acceptable.
- 6. Recommended Pen Size:** Sorting area shall be 50ft to 60ft in diameter with no 90 degree corners (i.e., 60ft round pen or octagonal "stop sign" design). *See diagram at back.*
- 7. Gate Opening:** The start foul line will be a 12'-16' opening between the two pens using producer's discretion.
- 8. Time Limits:** There will be either a 90, 75, or 60 second clock for each class, at the option of the event producer.

9. **Display Clock-Split Timer:** The electronic display-split timer clock, set at 60.01 seconds, is the official clock for Sorting. The official time of each run is determined by the amount of the time used until all 10 cattle are sorted or the time limit has expired.
10. **Judges:** There will be at least One (1) USTPA certified judge on the judge's stand at all USTPA-sanctioned shows, USTPA Regional Finals shows and USTPA World Championship Series (National) shows. If only One (1) judge is used, that judge will operate the official clock and the back-up timer and must be the same judge the entire go-round (at minimum), if not the entire class. Additionally, if available, the USTPA's video system will be used to capture and record video in each pen during each Sorting class. In the event of failure or unavailability of the video system, the Sorting class(es) may begin and/or continue with only the required judge.
11. **Stopping Time:** Time will continue until all cattle are sorted in the correct order or the time limit is reached, either of which becomes the official time for that team.
12. **Split Time:** The official clock for Sorting is the Display Split Timer. A Display Split timer is to be used in all Sorting classes to designate the placing of the class. Split times are cumulative in multiple go round events, as well as the number of cattle sorted. Teams that sort 10 head in one or more go rounds will place higher than

teams with equal number of cattle and go rounds but who did not sort 10 head in any single go round. Any team that sorts 1 or more head in a go round has an official time, if less than 10 head are sorted, the official time is 60 seconds. If 10 head are sorted, the actual time on the clock is the official time. Lap time will only be used to break ties if needed. In case of promoters who own electronic display clocks without a split timer, a stop watch will be used. The stop watch used for split time purposes will also be the back-up timer in the event of a malfunction of the electric display clock. Split times are cumulative in multiple go round events, as well as the number of cows sorted, but do not replace the official time of each run. Split times only come into play when the cattle counts and the official times are identical. Prior to starting the next run, the back-up timer/judge needs to confirm that their record of cattle sorted matches the Display Split Timer record of the split timer judge.

- 13. Bunching Cattle:** All cattle will be bunched on the cattle side of the gate within the designated area before the time begins. Judges will designate the need to bunch cattle.
- 14. Starting the Run:** The judge will raise the flag to signal when the arena is ready. The flag will drop when the nose of the first horse crosses the start/foul line and the announcer will immediately provide the number to be

sorted first. Any delay in crossing the start/foul line may result in a no-time for the team. The next team has 30 seconds to enter the arena and cross the start/foul line after the previous team sorts, and after the announcer calls the team to ride. Upon the decision by the judge(s), the announcer will call the team a no-time unless waived for a good cause. No team member may enter the arena after the time has started.

- 15. Roughing:** Roughing includes, but is not limited to, running over cattle with horses, stepping on cattle while in pursuit, running through the herd in such a manner that the cattle are knocked down, horses consistently biting the cattle, and entering the pen with such force on the cattle causing them to collide with the back pen panels (see also the section of this Handbook regarding inhumane treatment). A Judge's call for "roughing" will result in the team receiving a no-time. Roughing calls are made in the Judge's sole discretion, and Roughing may be called by the Judge whether or not the Judge believed the action that resulted in the Roughing call was deliberate.
- 16. Order of Sorting:** The cows must be sorted in order. If any part of a numbered cow crosses the start/foul line prior to its correct order, then the team receives a no time. If any part of a sorted cow re-crosses the start/foul line, the team receives a no-time. If any part of any unnumbered cow crosses the foul line before the 10th

cow is cleanly sorted, the team receives a no-time. For the purposes of example and clarification of this section, if a cow first crosses the start/foul line in order, but does not continue through the start/foul line, and instead returns to the sorting side of the pen before time runs out, the team receives a no-time. Further, if a cow first crosses the start/foul line in order, but falls down and lies partially in both the sorting and catch pens (“in the gate”), the judge will discontinue the run and the team will have the option to accept the time and number of cows sorted up to and including the cow that went down (but none after that cow), or receive an immediate re-ride with the same number beginning at a time of zero.

17. **Random Start Number:** The order of Sorting is determined by the picking of a random number by the Announcer/Timer and then that cow must be sorted first; for instance if 7, is drawn as the first number, then the 8 cow must be sorted, 9, 0, 1 and so on.
18. **Cow Considered Sorted:** For the first 9 cows sorted, when any part of the cow crosses the start/foul line that cow is considered sorted. For the 10th cow only, that 10th cow is considered sorted only when the entire cow is completely across the start/foul line.
19. **Cow Leaving the Arena:** If there is a malfunction of the Sorting pen, or a numbered cow jumps any fence and either leaves the arena, or ends up in the opposite pen,

but did not pass through the gate, it will result in a re-ride for that team immediately, (assuming either instance was not caused by roughing of the cattle). In the instance of a re-ride, exhibitors will receive a full (90, 75 or 60 second) clock but the exhibitor's time cannot be improved. However, the number of cattle sorted during the allotted time can be improved. [Example: If a team has sorted 5 head in 55 seconds (with a 60 second clock) when the cow jumped the fence, they would get a re-ride with the full 60 second clock. In the re-ride, the same team sorted 10 head in 50 seconds. Their official time would be 10 head in 55 seconds.

- 20. Downed or Stuck Cattle:** Re-rides may be given for downed or stuck cattle at the judges' discretion. Downed or stuck cattle includes cattle that fall down, but not as a result of Roughing, and are down for 5 seconds (as determined in the judge's sole discretion) whether stuck in a panel or gate, or not standing. In these cases, the team sorting will be given the option to take their time on the number of cattle sorted when the run is stopped by the judge or re-ride immediately with the same number beginning at a time of zero.
- 21. Entry Limit Per Class:** Ride limits vary by class. Refer to individual class descriptions for details.

22. Go-Rounds & Percent Returning: All USTPA Sanctioned Events will have 3 go-rounds. Go rounds run in reverse order. If 50 or less teams: 100% to first go, 50% to second go, top 10 to finals. If 51-100 teams: 100% to first go, 40% to second go, top 10 to finals. If over 100 teams: 100% to first go, 30% to second go, top 10 to finals. In the event of classes with fewer than 20 teams Promoters may opt to have up to 100% of all entries back to the second go (and then a top 10), or may opt to run only the first go, and then proceed directly to a top 10. This “Promoter Option” must be advertised in advance. All go rounds will be run in reverse order until top 10 finals. All finals at any USTPA Sanctioned Event will have their running order determined by either 1) draw, either by mechanical draw or by manual draw, or 2) selection (the “Draft”), where each team qualified for the final round will select their run position in the final round as follows: The team in 1st place coming into the final round will select their run position first (they select from 1-10 in the running order); the team in 2nd place coming into the final round will select next, and so on until all teams have selected their running position in the top 10 (the 10th place team coming into the final round will have their run position determined by whatever position remains after the 9th place team selects their run position).

- 23. Must Sort Clean to Advance:** Teams must sort cleanly to advance to the next round. Promoter has the option of implementing progressive time when the number of teams meets the requirements to advance to the next round. A cutoff time plus number of cattle sorted can be used, being the highest time and lowest number of cattle available to progress to the next round.
- 24. Calculating Placing by Clean Sorts:** Teams that Sort in 3 goes, place higher than teams Sorting in 2 goes; teams Sorting in 2 goes place higher than teams Sorting in 1 go, no matter how many cattle were sorted or time accrued.
- 25. Ample Herds for Open Class:** The promoter must have enough cattle that no herd is resorted during the first round of the Open Sorting Class.
- 26. Re-Ride Situations**
- A.** Should a herd be mis-numbered or have too many or too few non-numbered cattle, only the team that is in the arena at the time the problem is identified will receive a re-ride. The re-ride will be a clean slate and will be done immediately.
 - B.** If a team observes an unfit, injured, or unidentified animal before committing to the cattle, the team must notify the judge. If, immediately prior to the exhibitor's ride, an exhibitor requests the judge to replace a cow that the exhibitor deems to be a "bad cow", and the

cow is not changed by the judge, but is clearly unfit and/or unworkable on the ride, the team will receive a re-ride after the cow is changed. Except for the foregoing “bad cow” exception or other rules in this Handbook to the contrary (i.e., downed or stuck cattle, etc.), once the team is committed to the cattle, no re-ride will be given. "Committed to the cattle" means that the team has crossed the start/foul line, the flag has been dropped to start the time on that run, and their cattle number has been called.

- C. In the rare instance that a team rides out of order, their time and number of cattle will stand. No re-ride will be given for teams riding out of order. Once the problem is identified, the going forward teams will be correctly aligned, and in the case of Sorting, placed in the proper arena and follow the order as posted. All rounds must be posted before the round starts, unless the USTPA video system is in use, in which case the round may begin prior to posting a printed run order in the arena.

27. Protest and Video Replay Review Procedure – Ranch Sorting

- A. In the event there are two judges being utilized, and those judges initially disagree and subsequently cannot reach agreement on any of the items in #3 below of this rule, an internal review will be made at no

charge to, and without a protest being required from the competing team members on the ride in question.

- B.** For all protests, the protest must be verbally presented to the judge(s) before the team member(s) that wish(es) to file the protest leaves the sorting pen.
1. Only the following types of protest are allowed:
 - a) Number of cattle sorted.
 - b) Order of cattle sorted.
 - c) Official time on cattle sorted.
 - d) Duplicate number called.
 2. Protest fee is \$100.
 3. Reviews will be made by the Director-in-Charge and the Animal Welfare Director, or in their absence a Director they have appointed in their place (the “Directors”).
 4. In the event the Directors do not both agree on the review, the original decision of the judge(s) will be final.
 5. In the event the Directors do not both agree on the review, and the two judges also did not agree (on the original ruling), the Director-in-Charge shall make the final decision.
 6. The team members on the ride being reviewed may observe the Video Replay after a formal decision has been made regarding the review, and then only after the class has been completed and when the show officials are able to make it available. However, under no circumstances

- shall the team members on the ride being reviewed have any role in the decision on the protest.
7. In order to reverse a judge's decision there should be conclusive evidence allowing such reversal. The decision as to whether the evidence is conclusive or not shall be in the sole discretion of the Directors.
 8. All decisions from a Video Replay Review are final and non-appealable.
 9. If upon review the protest is found in favor of the protesting team, there will be no fee charged and the correction on the ride will be made.
 10. If upon review the protest is not found in favor of the protesting team, the original ruling will remain and the \$100 fee will be charged equally to the protesting rider(s), applied to their respective rider invoice. For the purposes of clarification, in the event only one rider joins the protest, that rider will be charged the entire \$100 protest fee.
 11. If upon review there is no conclusive evidence to overturn the original ruling due to video system malfunction, obstructions, camera failure, etc., there will be no fee charged and the judge(s)' original ruling will stand.
 12. Upon completion of any review under this rule, in the event a re-ride is offered, the team will ride again on the same herd after all other teams have

completed their rides, and the same cattle number will be used for such re-ride.

13. In the event a duplicate number is called, and the judge(s) or announcer discover that mistake during the ride or immediately after the ride, and it is confirmed by the announcer, no Video Replay Review will be made, and in this case the team will be given a mandatory re-ride, before the next team rides, and with the correct cattle number.

28. Following USTPA General Guidelines: For general guidelines on Ranch Sorting, follow USTPA's rules on all other issues not covered in this section.

29. Arena Arrangement for Ranch Sorting: See diagram at back of Handbook.

V. Open Arena Sorting Rules

1. **Open Arena:** Open Arena Sorting for 2 or 3 riders may be Sanctioned, using a full open arena with a Foul Line length at event producer's option, preferably the same as the Team Penning foul line, and one judge.
2. **The Object of Open Arena Sorting:** The basic concept of Open Arena Sorting is that there are ten numbered cattle, 0-9, and two unnumbered cattle for a total of 12 head at the beginning of a run behind a foul

line in an arena with two or three people mounted on the other side of the foul line.

- 3. Following Other Sorting Guidelines:** Other general Sorting guidelines are contained in the previous Ranch Sorting Rules section. Please refer to that previous section for rules that apply to both Ranch Sorting and Open Arena Sorting.

VI. Disputes

- 1. Protest and Video Replay Review Procedure – Ranch Sorting:** See section IV, paragraph 27.
- 2. Initiating a Protest:** When a team has a dispute about a run, a protest must be lodged with a judge before the team leaves the arena. The team will then immediately file the protest with the Director-In-Charge. If upon review the protest is not found in favor of the protesting team, the original ruling will remain and a \$100 fee will be charged equally to the protesting rider(s), applied to their respective rider invoice. For the purposes of clarification, in the event only one rider joins the protest, that rider will be charged the entire \$100 protest fee.
- 3. Presenting the Dispute Findings:** If a protest is filed, the Director-In-Charge shall present said dispute, to the judges. The Director-In-Charge shall immediately

present the findings and reasons to the protesting parties. Protest results should be decided and announced after the last team but prior to that set of cattle exiting the arena.

VII. Mandatory Event Guidelines

1. Conduct

- A.** Each USTPA member shall follow the USTPA rules at all Sanctioned Shows.
- B.** During any World Championship Series (National) Show, no alcohol will be consumed or possessed by exhibitors or show officials in the show arena. This also includes the warm up areas, and staging areas where exhibitors are waiting to ride.
- C.** Any contestant guilty of unsportsmanlike conduct will be fined and/or suspended and/or expelled from membership. USTPA reserves the right to revoke or refuse membership.
- D.** If a person is fined; the fine will be determined and assessed by the judges, Director(s) present or Board of Directors.
- E.** Fines must be paid before contestant rides again.

- F.** An approved judge shall be treated with courtesy, cooperation and respect. No person shall direct abuse or threatening conduct toward any judge or a judge's family, either in furtherance of his judging duties or as a result thereof, whether or not the conduct occurs during an approved show, on the show grounds, or off the show grounds.

- G.** By virtue of paying an entry fee and/or competing in a Sanctioned USTPA competition, whether or not a paid USTPA member, permission is granted by each contestant to the USTPA to use his or her photographic image for the promotion of the sport of Team Penning.

- H.** Any rider that misses a ride will be billed the entry fee for their ride, even if a substitute is used. Any team missing a rider when their team is called to the gate may recruit a substitute rider. A substitute rider must be rated the same, or less than, the missing rider of the team. Substitute riders will not be charged for their ride, but will receive their portion of the payout of any team earnings.

2. General Guidelines

- A.** Approved Officials: The USTPA must approve the Penning judges, timekeepers, and announcers, who must be USTPA members in good standing. There will be 2 Penning judges approved by the USTPA and compensated by the event producer,

(one judge at the line and one judge at the pen), and at least 2 timekeepers. The announcer may function as timekeeper.

- B.** Judges: Decisions of the judges are final. No judge may enter any class that he or she judges. There will be 1 line judge and 1 pen judge in Team Penning. In the event of a disputed decision between the judges, the USTPA Director-in-Charge will cast the tie breaker.

- C.** Maximum Entries Per Class: The maximum number of entries varies by class. See individual class descriptions for details. "Promoter's Option" allowances includes changing 2 riders on each team in any class, and a different ride limit per class than described herein, but event producers must apply for and receive special Sanctioning requesting such Promoter's Options and advertise the show accordingly.

- D.** Timely Submission of Show Results: All proceeds and results of shows must be submitted to the USTPA Administrative Office within 7 days of the last day of the show. Treatment of any horse will be considered cruel, abusive or inhumane if a reasonable person, educated in accepted equine training techniques, could perceive the conduct of an individual to be abusive or an attempt to abuse the horse.

Furthermore, any behavior by an exhibitor, trainer, or rider that could be perceived by the general public to be harmful to any horse should also be avoided. It is the responsibility of each member to report each and every incident which could be perceived as an abusive act toward a horse during a USTPA Sanctioned Event.

In the event one is not available, it shall be at the sole discretion of either the show judge(s) or USTPA Animal Welfare Director to decide whether an animal is fit to be used. At each show, an Animal Welfare Director shall be named.

Each person found to be in violation of this rule may be subject to receiving the following penalty:

Inhumane Treatment – Inhumane treatment to horses, including, but not limited to, physical abuse towards the animal by the rider or owner to cause the animal further injury or competing on an animal that is visibly hurt or lame.

A \$500 fine will be assessed by the judges, after the teams run has ended, if a team member continues to work cattle other than to gather the herd for the next team, or a team member exhibits any unnecessary roughness or contact with cattle. If excessive roughness continues, any team or team member may be assessed an additional fine and/or disqualification by the judge.
